This is to certify that

completed the Sustainability Summit session in November 2024

Can Prefab/Modular Fix Our Affordable Housing Crisis?

AACA Competency Standards related to these sessions:

- Quantify the scale of the housing crisis in Australia and identify its causes
- Outline the benefits of modular and prefabricated homes as compared to those built using traditional techniques
- Explain why modular and prefabricated homes represent part of the solution to Australia's housing crisis
- Outline steps that need to be taken to adopt houses of these types at scale

(Competency codes: PC 3, PC 10, PC 20, PC 28)
